

GENEL TRANSPORT

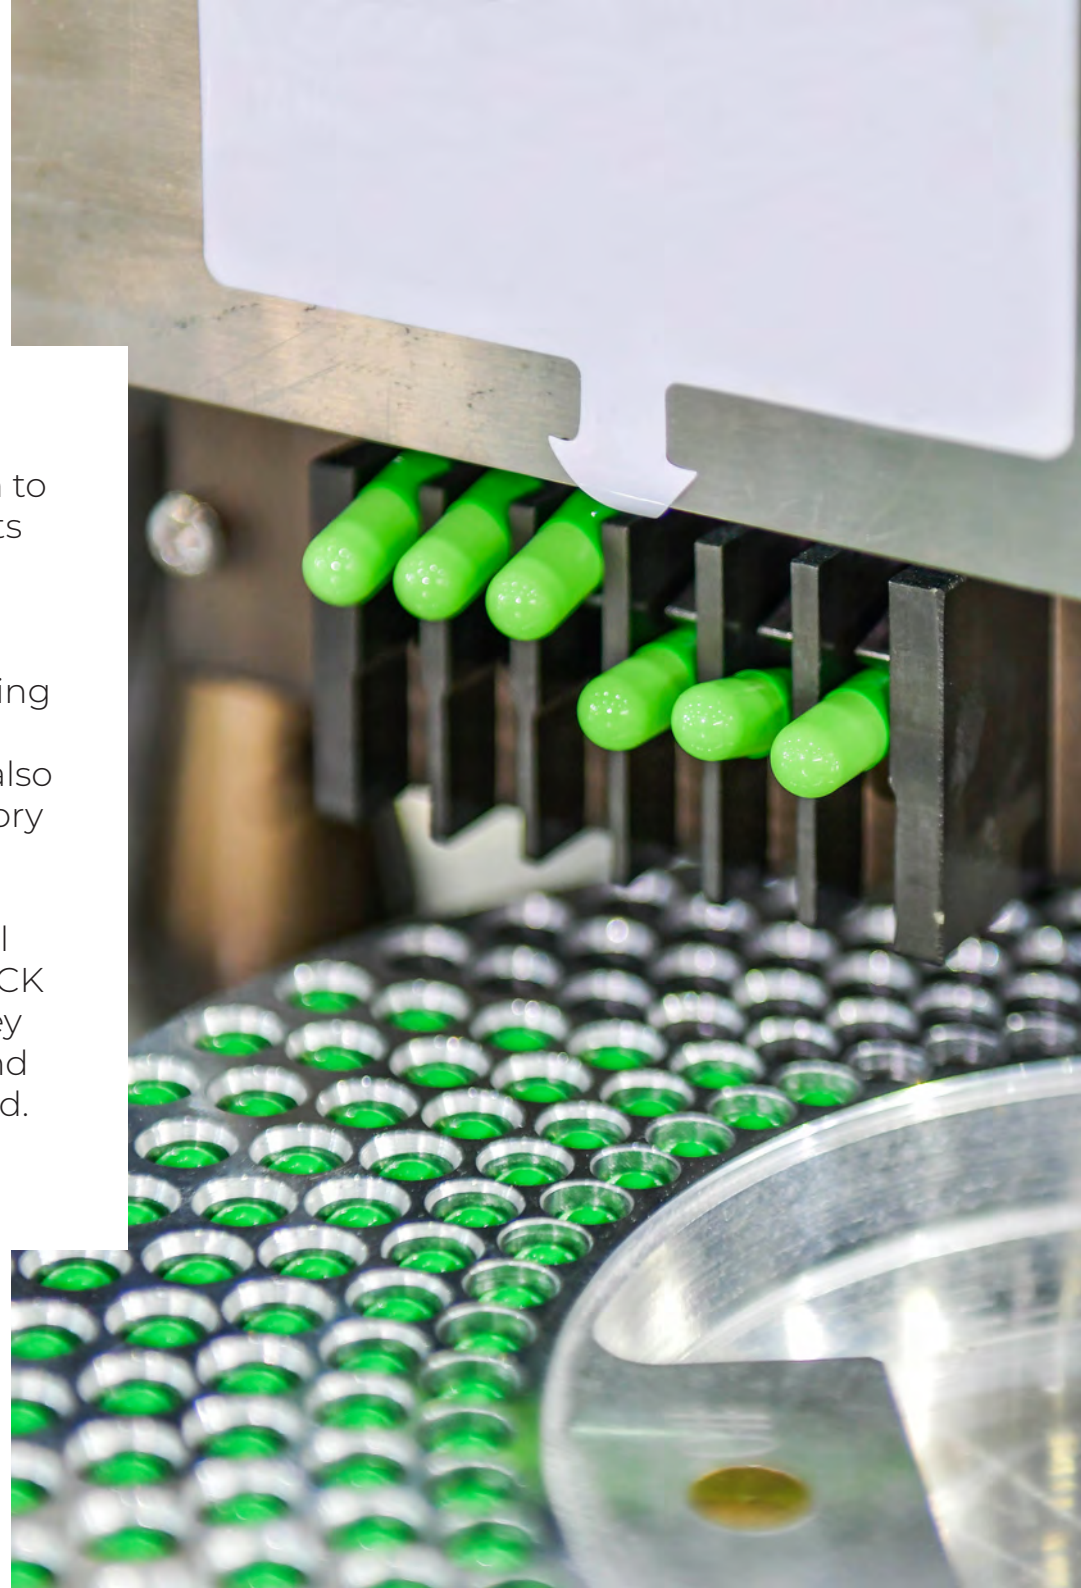

Since 1988

PHARMA &
HEALTHCARE

Genel Transport is aware of the fact that movement of products that aim to improve the life of patients represents an important responsibility.

Pharma & Healthcare logistics operations require deep understanding and planning, not only of imports, exports, shipping and handling but also of the complex international regulatory standards.

To summarize, right from booking till the arrival to destination, TEMP-CHECK guarantees a safe and reliable journey for your valuable pharmaceuticals and gives you the peace of mind you need.
