GARMENTS & FASHION LOGISTICS

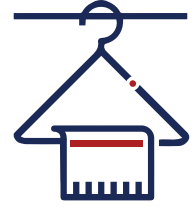

GENEL TRANSPORT

GENEL
TRANSPORT
established
in 1988

GENEL TRANSPORT has been providing fashion logistics solutions to garments, shoes, bags and accessories manufacturers, brands and retailers for a number of years.

The fashion sector represents one of the main expertise area of GENEL TRANSPORT, which provides excellent transport and logistics services both in Turkey and in major international markets among which China, India, Pakistan, Bangladesh, Thailand, Vietnam, Cambodia, Myanmar.

We provide a full range of superior services, including return handling, fiscal representation, customs support and a wide variety of value-added services. Shipment between the third countries, i.e. from manufacturing country to third countries without bringing goods to Turkey is also within our service portfolio.

GENEL TRANSPORT

Turkey ranks
